

“Chess and Maths Workshop” of the French School Voltaire and Bonaparte

Dear Parents,

We are pleased to announce the creation of a **chess workshop** bringing together students from **Bonaparte** and **Voltaire**. The workshop is free and open to students up to fifth grade (Until CM2).

Friendly, online matches will be held late Saturday afternoons, **before joining forces to represent Qatar**, as a joint team, in **international tournaments**.

The platform used is "Lichess" (French website, completely free and without advertising). When creating the account, "Lichess" suggests activating "**child mode in the settings**" (without chat, etc.). In the context of Internet education, the activation of "child mode" is essential.

• **To register your child, you will need:**

1- Create a free account on the site <https://lichess.org/login> respecting the following username:

First name + 1st letter of name + year of birth + country

Ex: Victor Hugo : First Name Victor + 1st letter of name h + year of birth 1802 + country Qatar

victorh1802qatar

Do not forget to specify "Qatar" for the country, in your profile so that a flag appears.

2 - Click on the “Friendly meeting” link on **Saturday December 11, 2021 at 4.30 pm:**

<https://lichess.org/tournament/LYaQg7LR>

3 - Click Join with password: **maths**

4- To receive future information, we thank you for completing the google form at the link below:

<https://forms.gle/u3Vkn7bo1Zdh163d6>

For any further information, please contact the project teachers:

- Mr. Rheda BIBI teacher in CM2 at the Lycée Franco-Qatarien Voltaire, Al Waab campus
- Mr. Franck Rochel, CM1 teacher at Lycée Bonaparte.

Contact email address: atelierrechecs voltaire bonaparte@gmail.com

Hoping to find many of you !
